EXPERIENCE

April 2023 - Present

- Anytime Software - Prague, Czech Republic**  
Frontend Developer - Remote
  - 1- Developed an extensive web app for efficient employee management, featuring JWT authentication, various user roles (super admin, user admin, users), and token management using Recoil. Implemented secure protected routes.  
  
Tech Stack: React, Next.js, TypeScript, React Hook Form, Zod, React Query, Jest, Axios, Tailwind CSS, Shadcn/UI and Figma.
  - 2- Developed a sophisticated social media application that aggregated content from prominent platforms such as Instagram, YouTube, and Facebook. Leveraged advanced web scraping techniques using Puppeteer and Cheerio to gather videos, photos, and posts for a diverse group of content creators.  
  
Tech Stack: TypeScript, React, Tailwind CSS, Puppeteer, Next.js, Figma and Cheerio.
  - 3- Created a series of impactful landing and frontend HTML pages using (Nextjs, Material Ui) (Bootstrap) (HTML, CSS/SASS).

June 2022 - April 2023

- Freelance**  
Frontend Developer
  - 1- Designed engaging portfolios for startup businesses, enabling them to showcase their work to potential clients interactively.
  - 2- Contributed to the development of a substantial e-commerce platform known as "Masheed Gate," specializing in the sale of construction materials within the Saudi Arabian market.
  - 3- Created, coded, fine-tuned, and troubleshooted a diverse range of web applications on the frontend using React and Next.js.
